

To: Miss Thierry Emery

Muzzano, 08th of February 2022

Owner of this Set of of Lo. Skore 1928

The set has been fully restored from myself in my workshop with great care.
It has the original shafts and has new black tacky calf leather grips from England.

The set of heads were in pristine conditions and presented very little use.
The shafts have received 30 layers of natural shellac using the old French Polish technic.

In the set there is as well one original handmade Lo. Skore driver.

All clubs are restored and ready to play.

Repairing old clubs is an art gone missing. Bringing back to playing condition such a great set was a pleasure and see them out on the golf course it is a dream come true.

Playing the old game of golf with historical Hickory Clubs is a privilege and I do wish you great fun with them and a lot of good moments with your hickory friends.

Paolo Quirici, Club Fitter & Passionate hickory golfer

Hickory World Champion 2013, US Professional Champion 2013 and 2014
